INNOVATION IN NURSING EDUCATION

Central School of Practical Nursing (CSPN) was an innovation in nursing education in 1937 when two Cleveland philanthropists founded the program to fill a local need for licensed home care nurses. Central School of Practical Nursing was the first licensed practical nursing program in the state of Ohio, and was one of the first few programs of its kind in the entire United States.

CSPN's nursing program has earned and maintained a reputation of excellence in the Northeast Ohio healthcare community. The curriculum, techniques, and mission have evolved to reflect the complex and fast-changing world of healthcare.

CSPN is accredited by the Accrediting Bureau of Health Education Schools (ABHES) and is approved by the Ohio Board of Nursing (OBN).

The mission of Central School of Practical Nursing is to educate a diverse group of adult learners from Cleveland and its surrounding areas in the field of practical nursing, thereby increasing the capacity of Cleveland's healthcare workforce.

financial aid

GENERAL FINANCIAL AID INFORMATION

Central School of Practical Nursing (CSPN) has procedures in place that will help you complete your financial aid application in ample time prior to the start of class.

Pell Grants are based on need and are available to qualifying students. Pell Grants do not have to be repaid. You must complete a Free Application for Federal Student Aid (FAFSA) to apply for a Pell Grant. (www.fafsa.ed.gov) After submission of the application you will receive a "pre-approval" of aid. If you decide not to attend CSPN the applications and "pre-approval" will simply expire. If you decide to attend a different school your application will be good for that school.

Direct Loans (aka Stafford Loans) are available to qualifying students. You must repay a student loan. These loans are not based on credit history. In general, the maximum loan you can borrow while attending CSPN is \$9,500 (\$3,500 subsidized and up to \$6,000

additional in unsubsidized loans if you qualify). In order to borrow \$9,500 you cannot have more than \$9,300 in student loans already outstanding that originated in the current year. The bank will deduct fees. It is estimated that the fees will be 1% of the loan amount, but they may be higher. It is highly recommended that you borrow the lowest amount possible.

The School's tuition scholarship is offered to all Cuyahoga County residents due to the generosity of The John Huntington Fund for Education. All applicants who reside in Cuyahoga County and apply per the Fund's guidelines, for a scholarship will receive at least \$500. This scholarship can only be used for tuition at CSPN and is non-transferable.

Alternative Student Loans may also be available to you through banks. CSPN does not endorse these banks or their programs and is not associated with them in any way.

TUITION AND THE NON-REFUNDABLE FEES

Tuition and fees total \$16,750 for the entire program and are payable as follows:

1. A \$350 non-refundable Seat Fee is payable after notification of admittance into the Program.
2. \$8,300 represents payment for the first half of the Program (This payment includes a non-refundable \$200 Administration Fee).
3. \$8,100 represents payment for the second half of the program and is due after successful completion of the 1st half of the program.

Uniforms, books, and miscellaneous expenses are approximately \$935 and are not included in the \$16,750 tuition and fees. Tuition and fees may increase at the discretion of the School.

Drug screening: All applicants must submit a drug test and BCI (\$30) through Integrity Verifications at assigned time (\$37).
