IMPORTANT NOTES:

_____ A) Please use the IRS link under the financial tab to transfer your 2018 Tax return information into your FAFSA (If you already completed the 2020-2021 FAFSA go back and complete this step if you skipped it originally).

_____ B) Please enter our School Code under the School Selection Tab. Our school code is **012248** (If you already completed the 2020-2021 FAFSA go back and complete this step if you skipped it originally). Note: you do not need to delete other schools you may have already entered.

- _____ 2) Complete the **STUDENT FINANCIAL AID AND VERIFICATION PACKET**

IMPORTANT NOTES:

_____ A) Yes! This must be completed in addition to the 2020-2021 FAFSA

_____ B) Download the **Independent Packet** here unless you are a Dependent student (See below)

_____ C) If you were born after 12/31/96, are not married and have no children it is likely you need the **Dependent Packet** instead of the INDEPENDENT packet. Download it by clicking the link above.
Your parents will need to create an FSA ID and share their information on your FAFSA

_____ D) On the cover page, please check off each type of financial aid you are applying for.

_____ E) Complete only the pages that indicate on the very bottom of the page that:

_____ A) Say All Students must complete this page

_____ B) that refer to a type of financial aid you are applying for.

_____ C) Say Verification Group V1 must complete that page

Note: If your FAFSA SAR indicated you are in a different Verification Group (Ex: V4 or Custom Group) please complete those pages instead).

_____ F) Sign the last page (and if you are dependent student, also have your parents sign it)
